

PANEL DISCUSSION

THE DEPUTY VICE-CHANCELLOR FOR TRANSFORMATION
PROFESSOR LORETTA FERIS, IN COLLABORATION WITH THE
CURRICULUM CHANGE WORKING GROUP, INVITES YOU TO

A PANEL DISCUSSION 'DECOLONISING SCIENCE'

WITH GUEST SPEAKER: **PROFESSOR C K RAJU**

"Decolonising the science curriculum poses a special challenge, for it is believed that science is objective and universal. It is important to understand why this is NOT true, and why proceeding on this belief will result in a very superficial decolonisation of the science curriculum in a way which regards decolonisation as merely a matter of pedagogy, and unconnected with the content of science."
